

## Make a Beados Book Mark

### You will need:

- Coloured cardboard of your choice
- Grey led pencil
- Your favourite Beados design made up
- Scissors (get your mum to help you cut)
- Craft Glue

### Instructions:

- 1** Draw a rectangle on the card with the pencil 4cm by 12cm
- 2** Use the scissors and cut around the rectangle (you might want to get your mum to help you with this). This rectangle will be your bookmark
- 3** Position your Beados design at the top of the rectangle so it is sitting half on the cardboard and half off
- 4** Use the craft glue to secure the design's position
- 5** Wait for the glue to dry and you have your very own Beados bookmark!
